VERBATIM EXTRACT

Service	Description	Rate	Unit
ENGINEER	Responsible for Engineering Inspection: Onsite inspection of the construction and maintenance activities for electrical equipment.	\$100.00	Hour
CAD DESIGNER	Responsible for Product realization through concept and design per requirements and customer needs using CAD software such as SOLIDWORKS.	\$100.00	Hour
GENERAL FABRICATOR	Responsible for The manufacture of fabricated components and assemblies through design and customer supplied documents.	\$85.00	Hour
WELDER, MIG	Responsible for Welding of metal - metal inert gas (MIG) method. Stainless steel, carbon steel, aluminum components and assemblies.	\$85.00	Hour
WELDING, TIG	Responsible for Welding of metal - Gas tungsten arc welding (GTAW), or TIG method. Stainless steel, carbon steel, aluminum components and assemblies.	\$85.00	Hour
WELDING, SMAW	Responsible for Welding of metal - Shielded metal arc welding (SMAW) method. Stainless steel, carbon steel, components and assemblies.	\$85.00	Hour
CNC PLASMA CUTTER	Responsible for Computer Numerical Control (CNC) plasma cutting of steel and aluminum sheets and bars up to 3/4" thick X 4' X 8' - USING A CNC Plasma Table.	\$85.00	Hour
CNC MILLER OPERATOR (5 AXIS)	Responsible for Full five axis milling and contouring of steels, stainless steel, nickel alloys, high temp alloys, aluminum, and plastics.	\$125.00	Hour
CNC MILLER OPERATOR (4 AXIS)	Responsible for Full four axis milling and contouring of steels, stainless steel, nickel alloys, high temp alloys, aluminum, and plastics.	\$100.00	Hour
CNC MILL OPERATOR (3 AXIS)	Responsible for Full three axis milling and contouring of steels, stainless steel, nickel alloys, high temp alloys, aluminum, and plastics.	\$85.00	Hour
CNC LATHE OPERATOR	Responsible for Four axis turning, milling and drilling of steels, stainless steel, nickel alloys, high temp alloys, aluminum, and plastics.	\$85.00	Hour
MANUAL MACHINING OPERATOR	Responsible for General machining of steels, stainless steel, nickel alloys, high temp alloys, aluminum, and plastics.	\$75.00	Hour
SAW OPERATOR	Responsible for horizontal and vertical sawing steels, stainless steel, nickel alloys, high temp alloys, aluminum, and plastics.	\$50.00	Hour
SHEET METAL FABRICATOR	Responsible for The manufacture of sheet metal components and assemblies through design and customer supplied documents	\$75.00	Hour

Product Part No.	Description	List Price	UOI	COO	MFR.
CBP-480-SMPP	Bollard. 4' Tall 4" schedule 80 surface mount protective post. Posts are capped, and powder coated. Includes Hilti HY200 epoxy and Hilti HAZ rods	\$ 825.00	EA	US	74 Weld
CBP-8440-SMS	Bollard. 8' tall 4" schedule 40 surface Stop Sign post. Galvanized and powder coated safety yellow. Includes Hilti HAZ rods and Hilti HY-200 Epoxy	\$ 1,075.00	EA	US	74 Weld
CBP-8440-SM	Bollard. 8' tall 4" schedule 40 surface mount mirror deflection post. Powder coated safety yellow. Includes Hilti HAZ rods and Hilti HY-200 Epoxy	\$ 875.00	EA	US	74 Weld
CBP-440-RPP	Bollard. 6'6" tall schedule 40 removable protective post with galvanized sleeve. Capped, and powdercoated safety yellow.	\$ 445.00	EA	US	74 Weld
CBP-EE-CRR	Rub Rail. Entry/Exit Curved Galvanized Rub Rail. Features 3 feet with flag poles. Designed for car portals	\$ 1,820.00	EA	US	74 Weld
CBP-840-RR	Rub Rail. 8' Galvanized Rub Rail. Features two feet with flag poles. Designed for car portals	\$ 1,690.00	EA	US	74 Weld

CBP-RR-8R	Rub Rail. 8' long hinged rub rail. Hot dip galvanized and includes epoxy and anchors	\$ 2,150.00	EA	US	74 Weld
CBP-PCF-304SS	Bollard. PC Mounting Cleat. Fabricated from 1/2" 304 Stainless Steel	\$ 55.00	EA	US	74 Weld
CBP-640-SMPP	Bollard. 4' Tall 6" schedule 40 surface mount protective post. Powdercoated safety yellow. Includes Hilti HAZ rods and HY200 Epoxy ((Falfurrias, TX truck portal) Supplier Item: est. 1759	\$ 940.00	EA	US	74 Weld
CBP-RR-8T	Rub Rail. 20" tall 8' Truck/Bus Rub Rail. Hot dip galvanized. Includes epoxy and hardware (Falfurrias, TX truck portal) Supplier Item: est. 1759	\$ 1,960.00	EA	US	74 Weld
CBP-RR-8TR	Rub Rail. 20" tall 8' long Truck/Bus hinged rub rail. Hot dip galvanized and includes epoxy and anchors (Falfurrias, TX truck portal) Supplier Item: est. 1759	\$ 2,450.00	EA	US	74 Weld
CBP-RR-CTR	Rub Rail. 20" tall Curved Truck/Bus Rub Rail. Hot dip galvanized. Includes epoxy and hardware (Falfurrias, TX truck portal) Supplier Item: est. 1759	\$ 2,050.00	EA	US	74 Weld
CBP-10440-MDP	Bollard. 8' tall 4" schedule 40 surface mount mirror deflection post. Powder coated safety yellow. Includes Hilti HAZ rods and Hilti HY-200 Epoxy (Falfurrias, TX truck portal)	\$ 1,025.00	EA	US	74 Weld
CBP-10440-SSP	Bollard. 8' tall 4" schedule 40 surface mount stop sign post. Hot dip galvanized and powder coated safety yellow. Includes Hilti HAZ rods and Hilti HY-200 Epoxy (Falfurrias, TX truck portal)	\$ 1,225.00	EA	US	74 Weld
CBP-RR-8T-1	Rub Rail. PTL 221 8" rub rails with flag poles	\$ 1,290.00	EA	US	74 Weld
CBP-RR-8T-2	Rub Rail. Entry/Exit Curved Galvanized Rub Rail. Features 3 feet with flag poles. Designed for car portals	\$1,820.00	EA	US	74 Weld
CBP-RR-8T-3	Rub Rail. PTL 221 Entry/Exit curved rub rail	\$ 1,520.00	EA	US	74 Weld
